## Prime Vision wins contract for Austria Post

Nationwide rollout of OCR, Video-Coding for parcel automation

### Delft, The Netherlands, February 9th, 2007

Prime Vision, a leading supplier of mail and parcel automation solutions, is pleased to announce it has been awarded a major contract for its Parcel Vision suite of solutions for Austria Post.

The contract will see Prime Vision deploying Parcel Vision modules including OCR, Video Coding and Parcel Image Archive across seven regional parcel sortation centres at Austria Post.

Main contractor and integrator Nobab GmbH will integrate Prime Vision's solutions within the innovative "SPIDER-NETWORK" that will be supplied for Austria Post. The SPIDER-NETWORK provides comprehensive visibility of all items handled throughout the complete cycle from collection to delivery in addition to synchronising many related business processes along the way, such as billing, quality control, traceability and customer services.

Commenting on the deal, Eddy Thans CEO Prime Vision, added, *"this is another landmark project for our comprehensive suite of Parcel Vision solutions. Prime Vision leads the world in the field of high-performance OCR solutions for parcels, a fact that has been demonstrated by several major rollouts globally. The whole team here at Prime Vision is excited at the prospect of working together with Nobab GmbH in delivering performance and value for Austria Post."*

Prime Vision is a leading supplier of mail and parcel automation solutions. Prime Vision's parcel automation identification solutions suite, Parcel Vision, is fast becoming the de-facto high-performance standard in the global express-parcel market. Renowned in the industry for the implementation of a turnkey Parcel Vision OCR system for Post Denmark in a record 12-weeks from contract award; Prime Vision continues to set the standard with Parcel Vision for clients and partners around the world.
