FREE-TO-ATTEND EXHIBITION! REGISTER NOW

The world's leading parcel and postal exhibition and conference is back – in Vienna – in person and online for 2021!

Parcel+Post Expo is the leading global event for the world's parcel delivery, e-commerce logistics and postal industries

We are excited to announce that Parcel+Post Expo 2021 will take place in person and online as a hybrid event, to allow attendees to attend live in Vienna or to watch elements of the event from the comfort of their offices or home environments. **Parcel+Post Expo Hybrid** will stream live events via our virtual platform, allowing a connected and informed experience both online and in person.

Visit the website to register and see the companies and technologies that will be on show!

With a unique combination of exhibition, access to innovative technologies, live conferences and networking, **Parcel+Post Expo 2021 Hybrid** will have a wider global reach than any previous event!

Parcel+Post Expo 2021 will be the most timely and important international event of the year for the industry. As we all work to get ready for the new post-Covid world, the exhibition and conference will address the key questions and issues facing the parcel, e-commerce logistics and postal industry.

Join us in person and online as we reconnect, share ideas, find innovation and look to deliver the future once again. **Register online now!**
